

The charge for the photography session is \$25.00. This charge is not deducted from your portrait order. Eight to ten selections will be taken. Previews are the property of the studio. **There is a \$50.00 retainer for previews taken from the studio.**

In selecting from your proofs the important thing to consider is expression. Facial blemishes will be removed and lines will be softened on finished photographs. Additional charges will apply to removing reflections in glasses and retouching hair. **Retouching is included in prices and is based on orders from one pose and including up to 2 persons in pose. Additional retouching is based at \$26.00 per hour.**
